1

#### Digital control

precise control of 100 programs

- less control error; possibility to save favourite heat treatment times with one-touch control

2

#### All-stainless casing design

only stainless steel intended for food contact is used

- absolutely rust-proof and non-magnetic design
- resists even weak acids easier compliance with hygiene standards (HACCP); easy maintenance and cleaning

3

#### 2 magnetrons

high performance

- extra fast cooking without the need for a turntable

4

#### Volume 35 L

large chamber volume for GN 2/3

- Possibility of cooking larger dishes with a capacity of GN 2/3
